SENTINEL Token Management & Intelligence

Strategic Crypto Treasury and Liquidity Management
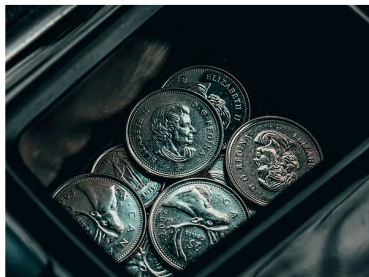

THE ART AND SCIENCE OF PROTECTING YOUR PROJECT AND TOKEN'S VALUE

The Challenge:

- **Token Performance is Critical:** Token performance is the proxy by which blockchain projects are judged.
- **Projects Lack Expertise to Drive Token Performance:** Tech-focused leaders often lack crucial markets expertise, leading to weaker token performance, amplified market impacts, and regulatory risks.

Sentinel Bridges the Expertise Gap: We provide crucial markets knowledge that tech-focused teams often lack, empowering projects to drive token performance, enhance your project's resilience, and reduce regulatory risk.

Sentinel Helps Deliver:

A STRONGER TOKEN

A MORE RESILIENT PROJECT

REDUCED REGULATORY RISK

Value Proposition:

- **Cost-Effectiveness:** Partnering with Sentinel gives you access to top-tier expertise and robust data infrastructure at a fraction of the cost of building an in-house team or building your own market systems.
- **Cutting-Edge Analytics:** Our advanced analytics infrastructure tracks market data, provides real-time liquidity alerts, assesses market impact, and more, giving you data-driven insights needed to drive your project forward.
- **Informed Negotiation Power:** Our top market maker experience provides insider insights, enabling us to secure optimal deals, implement strategic pricing, and achieve your objectives while maximizing value.

Services:

CRYPTO TREASURY MANAGEMENT

LIQUIDITY GROWTH

TOKEN SALES PROGRAMS

MARKETS ANALYTICS

MARKET REPORTS

Why Sentinel:

- **Unmatched Experience:** With experience from a top 10-project and top market makers we deliver deep knowledge and effective strategies in liquidity growth, treasury management, and token monetization.
- **Alignment with Your Project:** We empower you with the tools and insights needed to collaborate effectively with market participants helping your project achieve its objectives without losing control.
- **Collaborative Regulatory Excellence:** We work closely with your legal and compliance teams to ensure adherence to key regulatory frameworks, such as Rule 10b5-1, providing robust regulatory guidance.
- **Focus on Long-Term Success:** Our commitment to sustainable growth and rigorous regulatory adherence, works to build a resilient foundation for your project's future.
- **Free Up Your Core Team:** By managing the complexities of token and liquidity management, no matter the stage of your project, we allow your project leaders to focus on innovation and core objectives.

Partner with Sentinel to safeguard your token's value and drive your project's success.
